STRAIGHT DOPE FOR SPORT FANS

PLANS FOR LARGE DOINGS ON THE NATION'S natal day are plenty, but it is a pretty safe wager that there will be no more than a few small affairs. There is no doubt about this being true, but it is not necessary for it to be so. There is no doubt about this being true, but it is not necessary for it to be so.

MARATHON RACE ON BEACH OVAL

Some classy running will be seen at the Haven track tonight, when a dozen of the best amateur distance runners get away in the five-mile marathon, the first of its kind under electric light here in vicinity.

With such stars as Bob Fawcett, Jimmy Low, Mike Norris of Brookline, Eddie of Jamaica Plain, Henry of Lynn, William of South Boston, William of Lawrence and several other noted foot racers, the result will decide the championship of New England at distance running.

As Fawcett expects to turn professional shortly there will be a lot of interest in seeing what he can do against the best in the ranks of the amateurs, and all of them are after his scalp. Low, the noted top, claiming greater speed.

There is a five-mile amateur like race the night of sport with a big field contest, including a miler race.

GOLF GOSSIP NEWS OF THE LINKS

W. Fawcett Morgan, Jr., who was elected captain of the Harvard golf team this year, was the medal for low score in the qualifying round of the invitation tournament that started Thursday over the links of the Appleton Golf Club. It is interesting to note his score of 116 for the thirty-six holes, as the college players will hold their individual and team championships over this course in September, and a score of this nature calling would win for Morgan the honor of being the golf player to obtain this figure for this year.

Who amateurs are competing in the Harvard golf tournament is a question that has been asked by many. The Harvard golf team was played in the open round at Woodland on the 10th of July, and the number of the "pros" have not been announced. Why PIPPINS Are Better Than All Other FIVE CENT Cigars

THE nickel you pay for a PIPPIN pays for tobacco and workmanship, but when you buy a cigar to get a "premium," part of your nickel goes to pay for the premium instead of tobacco.

If you are buying a cigar to smoke, you want all the goodness—all the flavor and smooth, rich aroma—that your money can possibly buy. No manufacturer can give you the QUALITY and the PREMIUM too. PIPPINS are sold on a small margin of profit—we prefer to give you five cents' worth of QUALITY instead of three cents' worth of second grade tobacco and two cents' worth of house furnishings.
